

LMU-DCOM Curricular Outcomes and Summative Assessments
Academic Year 2021-22
APPROVED 08/26/21

To evaluate, document and enhance the program's effectiveness, the LMU-DCOM Assessment Department directs, manages and facilitates a broad range of assessment initiatives. Organized around the seven core competencies, data is collected on all program defined student learning outcomes. This chart below outlines the various methodological approaches used to assess each LMU-DCOM program outcome. These plans are continually adjusted and expanded in response to evolving needs and opportunities.

A large number and variety of focused reports are generated using summative assessment data throughout the academic cycle for use by course directors, faculty curriculum committee, rotation chairs, rotation sites, and the Dean and his administrative team. At the end of each academic year, a comprehensive outcome report (see sample at the end of this document) is created by the Assessment Office which aligns summative findings from multiple assessment measures for each program outcome and then compares these findings against established benchmarks. The Program Outcomes Committee reviews this report and makes specific recommendations for any outcome where its benchmark was not met. Finally, the report documents whether the previous year's recommendations were implemented and tracks the results of these changes.

Core Competency	Ref #	Program Outcome	EPA	Courses	IPE	Summative Assessments
#1 Osteopathic Principles and Practice (OPP)	1	Provide osteopathic clinical care that fully considers the body's capacity for self-regulation, self-healing and health maintenance.		<ul style="list-style-type: none"> • MFM II, MPhysio • OPP I, II, III & IV • EPC III & IV • CSW Requirement • All Core, Selective, & most Elective Clinical Rotations 		<ul style="list-style-type: none"> • Multiple-Choice Exams & Quizzes • OPP Lab Practical Exams • SPEs/OSCEs • COMLEX 1 • COMLEX 2 CE • Clinical Rotations OPP Case Logs • Preceptor Evaluation of Students • Graduation Survey
	2	Apply osteopathic principles regarding the interrelatedness of structure and function in addressing clinical problems.		<ul style="list-style-type: none"> • MGA, MPhysio, MNeuro • CNeuro, MSK, Cardio, Respir, Integ, BehavM • OPP I, II, III & IV • EPC I, II, III & IV • CSW Requirement • All Core, Selective, & most Elective Clinical Rotations 		<ul style="list-style-type: none"> • Multiple-Choice Exams & Quizzes • OPP Lab Practical Exams • SPEs/OSCEs • OMS-I Cumulative Exam • COMLEX 1 • COMLEX 2 CE • CSW/TBD PE Replacement • Clinical Rotations OPP Case Logs • Preceptor Evaluation of Students • Graduation Survey
	3	Apply OMM concepts and techniques to assess, diagnose and treat patients.	1	<ul style="list-style-type: none"> • MSK, Cardio, Respir, Integ, BehavM • OPP I, II, III & IV • EPC I, II, III & IV • CSW Requirement • All Core, Selective, & most Elective Clinical Rotations 		<ul style="list-style-type: none"> • Multiple-Choice Exams & Quizzes • OPP Lab Practical Exams • SPEs/OSCEs • Simulation Labs • OMS-I Cumulative Exam • COMLEX 1 • COMLEX 2 CE • CSW/TBD PE Replacement • Clinical Rotations OPP Case Logs • Preceptor Evaluation of Students • Graduating Student Self-Assessment

Core Competency	Ref #	Program Outcome	EPA	Courses	IPE	Summative Assessments
#2 Medical Knowledge (MK)	1	Apply scientific concepts governing the functioning of the body, from the molecular level to that of the whole organism, while solving clinical problems relating to the diagnosis, management and treatment of patients.	7	<ul style="list-style-type: none"> MGA, MFM I, MHisto, MFM II, MPhysio, MPharm, MNeuro CNeuro, MSK, Heme, Cardio, Renal, Respir, Repro, Endo, Integ, Gastro, BehavM OPP I, II, III & IV EPC I, II, III & IV CSW Requirement All Core, Selective, & most Elective Clinical Rotations 		<ul style="list-style-type: none"> Multiple-Choice Course Exams OPP Lab Practical Exams MGA Lab Practical Exams Simulation Labs OMS-I Cumulative Exam COMLEX 1 COMAT Exams COMLEX 2 CE CSW/TBD PD Replacement Preceptor Evaluation of Students
	2	Apply pathophysiologic concepts underlying disease in solving clinical problems relating to the diagnosis, management and treatment of patients.	7 6? 10?	<ul style="list-style-type: none"> MGA, MFM I, MHisto, MFM II, MPhysio, MPharm, MNeuro CNeuro, MSK, Heme, Cardio, Renal, Respir, Repro, Endo, Integ, Gastro, BehavM OPP I, II, III & IV EPC I, II, III & IV CSW Requirement All Core, Selective, & most Elective Clinical Rotations 		<ul style="list-style-type: none"> Multiple-Choice Course Exams SPEs/OSCEs Simulation Labs OMS-I Cumulative Exam COMLEX 1 COMAT Exams COMLEX 2 CE CSW/TBD PE Replacement Preceptor Evaluation of Students Graduating Student Self-Assessment
	3	Apply clinical care best practices supported by the biological, behavioral and social sciences in solving clinical problems relating to the diagnosis, management and treatment of patients.	2 3 11 10?	<ul style="list-style-type: none"> MFM II, MPhysio, MPharm CNeuro, MSK, Heme, Cardio, Renal, Respir, Repro, Endo, Integ, Gastro, BehavM OPP I, II, III & IV EPC I, II, III & IV CSW Requirement All Core, Selective, & most Elective Clinical Rotations 		<ul style="list-style-type: none"> Multiple-Choice Course Exams OPP Lab Practical Exams SPEs/OSCEs Simulation Labs COMAT Exams COMLEX 2 CE CSW/TBD PE Replacement Preceptor Evaluation of Students
	4	Apply knowledge of epidemiology and disease risk factors to formulate patient specific recommendations for the prevention of disease and promotion of good health.	5 3? 11?	<ul style="list-style-type: none"> MFM II, MPhysio, MPharm CNeuro, MSK, Heme, Cardio, Renal, Respir, Repro, Endo, Integ, Gastro, BehavM FMHC II & III EPC III & IV CSW Requirement All Core, Selective, & most Elective Clinical Rotation 		<ul style="list-style-type: none"> Multiple-Choice Course Exams SPEs/OSCEs Simulation Labs COMLEX 1 COMLEX 2 CE CSW/TBD PE Replacement Preceptor Evaluation of Students Graduating Student Self-Assessment

Core Competency	Ref #	Program Outcome	EPA	Courses	IPE	Summative Assessments
#3 Patient Care (PC)	1	Perform appropriate patient-centered comprehensive and focused histories and physical examinations that integrate the osteopathic structural exam and osteopathic reasoning.	1	<ul style="list-style-type: none"> • OPP I, II, III & IV • EPC I, II, III & IV • CSW Requirement • All Core, Selective, & most Elective Clinical Rotations 		<ul style="list-style-type: none"> • Multiple-Choice Course Exams • OPP/EPC Lab Practical Exams • SPEs/OSCEs • Simulation Labs • CSW/TBD PE Replacement • Preceptor Evaluation of Students • Graduating Student Self-Assessment
	2	Perform a range of clinical procedures and techniques used by osteopathic physicians while minimizing patient discomfort.	12	<ul style="list-style-type: none"> • OPP I, II, III & IV • EPC III & IV • CSW Requirement • All Core, Selective, & most Elective Clinical Rotations 		<ul style="list-style-type: none"> • OPP/EPC Lab Practical Exams • EPC Skill Check-offs • SPEs/OSCEs • Simulation Labs • Preceptor Evaluation of Students • Graduating Student Self-Assessment
	3	Perform basic and advanced life support in simulated and actual patient care situations.	10	<ul style="list-style-type: none"> • EPC III & IV • IM I, IM II, EM 		<ul style="list-style-type: none"> • Simulation Labs • BLS & ACLS Certifications
	4	Recognize the challenges and rewards of addressing global health needs and delivering care in underserved settings, emphasizing the Appalachian region.		<ul style="list-style-type: none"> • FMHC I & II • Student Affairs Community Events • International Rotations • All Core, Selective, & most Elective Clinical Rotations 		<ul style="list-style-type: none"> • Multiple-Choice Course Exams • Student Affairs Event Participation • Case-based Short-Answer Assignment in RUOC • Beginning of Program & Graduation Survey • GME Match Report • Post-Graduation Surveys • Longitudinal Tracking of Graduates

Core Competency	Ref #	Program Outcome	EPA	Courses	IPE	Summative Assessments
#4 Interpersonal and Communication Skills (ICS)	1	Build and maintain positive physician/patient relationships by demonstrating compassion and good listening skills.		<ul style="list-style-type: none"> FMHC I & II EPC I, II, III & IV CSW Requirement All Core, Selective, & most Elective Clinical Rotations 	CC1 CC2 VE1 VE2 VE3 VE4 VE5 VE7	<ul style="list-style-type: none"> SPEs/OSCEs Simulation Labs CSW/TBD PE Replacement Preceptor Evaluation of Students Graduating Student Self-Assessment
	2	Demonstrate empathy for patients and their families and respect for human dignity, uniqueness, and self-autonomy.		<ul style="list-style-type: none"> FMHC I & II EPC I, II, III & IV CSW Requirement All Core, Selective, & most Elective Clinical Rotations 		<ul style="list-style-type: none"> SPEs/OSCEs Simulation Labs CSW/TBD PE Replacement Preceptor Evaluation of Students
	3	Effectively communicate and collaborate with other health care professionals including those from other disciplines to provide patient-focused care in an individual and team setting.	9 8? 13?	<ul style="list-style-type: none"> FMHC I & II EPC I, II, III & IV CSW Requirement All Core, Selective, & most Elective Clinical Rotations 	CC1 CC2 CC4 TT3 TT8 TT11	<ul style="list-style-type: none"> Multiple-Choice Course Exams SPEs/OSCEs Simulation Labs Preceptor Evaluation of Students Graduating Student Self-Assessment
	4	Effectively counsel patients and their families regarding health maintenance, disease prevention and/or specific medical conditions using language appropriate to their developmental, educational, emotional and/or cultural statuses.		<ul style="list-style-type: none"> FMHC II EPC III & IV CSW Requirement All Core, Selective, & most Elective Clinical Rotations 	CC2 CC6 VE3 VE5 VE6	<ul style="list-style-type: none"> Multiple-Choice Course Exams SPEs/OSCEs Simulation Labs CSW/TBD PE Replacement Preceptor Evaluation of Students Graduating Student Self-Assessment
	5	Effectively explain, to both patients and medical colleagues, the scientific concepts underlying the osteopathic approach to health-care, especially relating to OMM.		<ul style="list-style-type: none"> OPP I, II, III & IV EPC II, III, & IV CSW Requirement All Core, Selective, & most Elective Clinical Rotations 	CC1 CC2 VE6 RR1 TT4	<ul style="list-style-type: none"> OPP Lab Practical Exams SPEs/OSCEs Simulation Labs CSW/TBD PE Replacement Preceptor Evaluation of Students Graduating Student Self-Assessment
	6	Clearly and accurately document clinical encounters including osteopathic structural exams in SOAP note and EHR formats.	4 6	<ul style="list-style-type: none"> OPP I, II, III & IV EPC I, II, III & IV CSW Requirement All Core, Selective, & most Elective Clinical Rotations 	CC1 CC3 CC7	<ul style="list-style-type: none"> Multiple-Choice Course Exams OPP Lab Practical Exams SPEs/OSCEs Preceptor Evaluation of Students CSW/TBD PE Replacement

Core Competency	Ref #	Program Outcome	EPA	Courses	IPE	Summative Assessments
#5 Professionalism (PRO)	1	Demonstrate appropriate attitudes, behaviors and accountability in personal, professional, and virtual settings.		<ul style="list-style-type: none"> • FMHC I, II & III • EPC I, II, III & IV • CSW Requirement • All Core, Selective, & most Elective Clinical Rotations 	TT7 VE5 VE6 VE7 VE9	<ul style="list-style-type: none"> • Multiple-Choice Course Exams • SPEs/OSCEs • Simulation Labs • Preceptor Evaluation of Students
	2	Apply ethical principles governing physician/patient relationships including confidentiality and informed consent.	11	<ul style="list-style-type: none"> • FMHC I, II & III • EPC I, II, III & IV • CSW Requirement • All Core, Selective, & most Elective Clinical Rotations 	TT2 VE2 VE7 VE8	<ul style="list-style-type: none"> • Multiple-Choice Course Exams • SPEs/OSCEs • Simulation Labs • Preceptor Evaluation of Students
	3	Apply legal and regulatory concepts and standards to the practice of medicine.	11?	<ul style="list-style-type: none"> • MPharm • BehavM • FMHC I, II & III • All Core, Selective, & most Elective Clinical Rotations 	CC8 TT7	<ul style="list-style-type: none"> • Multiple-Choice Course Exams
	4	Demonstrate sensitivity to and respect for differences in patients' and colleagues' gender, race, ethnicity, culture, age, socio-economic status, sexual orientation, gender identity, and physical or mental abilities.		<ul style="list-style-type: none"> • FMHC II • EPC I, II, III & IV • CSW Requirement • Student Affairs Diversity Events • All Core, Selective, & most Elective Clinical Rotations 	CC7 VE3 VE4	<ul style="list-style-type: none"> • Multiple-Choice Course Exams • Student Affairs Event Participation • SPEs/OSCEs • Simulation Labs • Graduation Survey
	5	Practice the independent study skills and habits essential for lifelong learning.		<ul style="list-style-type: none"> • FMHC I, II & III • EPC I, II, III & IV • All Core, Selective, & most Elective Clinical Rotations 	RR8 TT9 VE10	<ul style="list-style-type: none"> • SPEs • SPE Self-evaluations • Preceptor Evaluation of Students • Jefferson Scale of Physician Lifelong Learning

Core Competency	Ref #	Program Outcome	EPA	Courses	IPE	Summative Assessments
#6 Practice Based Learning and Improvement (PBL)	1	Explain how the scientific method including research design, data collection and analysis is used to test hypotheses and answer biomedical and clinical questions.		<ul style="list-style-type: none"> • TBLS and Course Readings for OMS I & II Basic Science Courses • FMHC III • EM, Research Elective 	RR6	<ul style="list-style-type: none"> • Multiple-Choice Course Exams • Rotation Case Write-ups • Research Summaries
	2	Access, evaluate and use current literature and apply evidence-based findings to specific patient-care situations.		<ul style="list-style-type: none"> • TBLS and Course Readings for OMS I & II Basic Science Courses • FMHC III • EPC I, II, III & IV • All Core, Selective, & most Elective Clinical Rotations 	RR8 VE10	<ul style="list-style-type: none"> • Multiple-Choice Course Exams • Rotation Case Write-ups • Graduating Student Self-Assessment
	3	Gather, examine, and use feedback from members of the health care team and/or patients for the purpose of improving clinical practice.	8 13	<ul style="list-style-type: none"> • EPC I, II, III & IV • All Core, Selective, & most Elective Clinical Rotations 	RR5	<ul style="list-style-type: none"> • SPEs • Simulation Labs • Preceptor Evaluation of Students

Core Competency	Ref #	Program Outcome	EPA	Courses	IPE	Summative Assessments
#7 Systems Based Practice (SBP)	1	Utilize knowledge of local, regional and national health-care delivery systems and policy to provide optimal care.		<ul style="list-style-type: none"> FMHC I & II BH, EM, RUOC 	RR6 RR10	<ul style="list-style-type: none"> Multiple-Choice Course Exams Rotation Case Write-ups Case-based Short-Answer Assignment in RUOC Graduating Student Self-Assessment
	2	Effectively work with different health care providers to optimize patient care.	8 13	<ul style="list-style-type: none"> FMHC I, II & III All Core, Selective, & most Elective Clinical Rotations 	TT3 TT4 TT5 TT7 VE10 RR3 RR4 RR5 RR6	<ul style="list-style-type: none"> Multiple-Choice Course Exams Simulation Labs Preceptor Evaluation of Students Graduating Student Self-Assessment
	3	Recognize how health-care delivery systems impact and/or provide barriers to patient care.		<ul style="list-style-type: none"> FMHC I & II BH, EM, RUOC 	RR5 RR7 RR8 R10	<ul style="list-style-type: none"> Multiple-Choice Course Exams Rotation Case Write-ups Case-based Short-Answer Assignment in RUOC Graduating Student Self-Assessment
	4	Represent the osteopathic approach and profession within interdisciplinary health care teams.	1? 9?	<ul style="list-style-type: none"> FMHC I, II & III OPP I & III All Core, Selective, & most Elective Clinical Rotations 	CC3 CC7 RR3	<ul style="list-style-type: none"> OPP Lab Practical Exams Graduation Survey Preceptor Evaluation of Students
