

Dr. Gilroy is an Associate Professor in the department of psychology. He graduated magna cum laude with a Bachelor's degree in psychology from Florida Atlantic University's liberal arts campus in southeastern Florida. During that time he also collaborated with faculty at the University of Miami, conducting research into mechanisms of visual perception. He then completed his Masters and Ph.D. degrees at Florida Atlantic University's main campus in Boca Raton, FL., concentrating on neuroscience, cognitive, perceptual, and experimental psychology. Subsequently, Dr. Gilroy completed a postdoctoral fellowship at Vanderbilt University in Nashville, TN., where he engaged in additional research and training as part of the Vanderbilt Vision Research Center and sponsored by the National Institutes of Health. Dr. Gilroy's career path led him into teaching, where he has held various appointments before arriving at Lincoln Memorial University. He is passionate about nature, music, "all things" science, and common sense.
